Ogre Khans

Like the continent of Augea they inhabit, ogres are a large and diverse people. Appearing somewhat like oversized humans, yet much more heavily built and commonly obese, they're known for great prowess in battle and even greater appetites. This has made them ancient masters of mountain and steppe, with a long history as both conquerors and travellers. Today, ogre tribes led by fearsome khans hold dominion over the cold but mighty Sky Mountains in the heart of Augea, using them to monopolise the continent's famous trade routes. These routes are secured by experienced warriors – usually deployed as convoy guards, but sometimes called together, along with the great beasts of the mountains, into larger armies whose very footfall makes the earth shake.

As it has for as long as tales tell, the heart of ogre power remains the Sky Mountains and the steppe to the north.

Many Ogres choose to leave their lands in search of fame, fortune and feasts. The Silk Roads, in particular, cross much of their lands, and represent one of the busiest East-West trade routes, rivalled only by seafaring trade and the modern Steel Road. This presents a perfect chance for ogres to exercise their prowess, with many of the mightiest mercenary companies counting ogres among their elites or commanders.

Nomads and Traders

In ages past, the ogres were nomads who travelled the Augean steppe, the great grass sea that once stretched from Vetia to the Sunrise Sea. In the Age of Iron, the legendary Qenghet Khan was said to have ruled the entirety of this vast territory, and more besides. But with the coming of the Wasteland in the Age of Thunder, the Augean continent was shattered, and with it the power of the ogres. Uncountable numbers lost their lives in the devastation, and many of the survivors followed the ogre hero Tsanas into safety in the mountains, where they gradually settled and found new ways to prosper. Today, there are two main kinds of ogres: those who keep to the ancient ways of steppe nomadism, and those who hold the Sky Mountains. Both groups call themselves Gyengget, the Open Ones, though the latter have evolved into renowned traders and mercenaries. Many mountain ogres have spread in small bands throughout the world, selling their services as the world's premiere bodyguards.

Reputation Versus Reality

Monsters, gluttons, cannibals, man-eaters, savages. These are the names by which ogres are often known to other peoples. Appearing gigantic and brutish to humans, ogres have been much maligned despite their ancient and honourable cultures that give paramount respect to traditions, ancestors and gods – particularly Umi and Dengrai, earth and sky, the two key forces within the spiritualist cosmology known as Umism. While it's true that they enjoy large meals, and many of their dining customs may appear grotesque to outsiders, those who have spent time with ogres come to see a different side: tribes of merry and hospitable individuals, always ready with friendly conversation. Cannibalism may be practised on rare occasions, but it's reserved only for the honoured dead. When it comes to battle, of course, many stories of ogre brutality and mercilessness are indeed quite accurate. While ogres may respect their gods and brother tribes, mountain ogres in particular also know another master – coin – and they are often ready to switch sides to support the highest bidder.

Mercenaries

Many ogres, particularly those found outside of central Augea, have embraced the line of work that they are most clearly suited for: protection. While the average tribe member represents a force to be reckoned with, those who have built careers as guards-for-hire are particularly fearsome in battle. Mercenary activities have ensured that all ogres can count on access to high quality weaponry – not just steel, but black powder arms that are often built specifically for ogre physiology. More traditional ogre weapons – originally used for hunting, in most cases – can also be deployed against enemies in quite deadly fashion when needed.

Scraplings

Creatures of ogre stature are not well suited to all tasks. Many tribes attract smaller beings who are all too happy to serve their larger comrades by completing the chores that ogres cannot or will not, in return for the copious scraps left over from ogre feasts. Such “scraplings” – hobgoblins, kobolds, gnomes, and many others – often form a symbiotic relationship that can become so close that many ogres cease to notice their minions' ubiquitous presence. Scraplings even follow their masters to battle, forming gangs to distract the enemy or man rudimentary machines in a strange parody of auxiliary troops.

Hunting

Essential to survival on both steppe and mountain, hunting has long been a quintessential part of ogre life and culture. The greatest hunters can win as much prestige as the strongest warriors and wealthiest traders. Larger hunters means larger prey, and the most epic hunts target true behemoths: snow rhinos, mammoths, aurochs and the other strange and ginormous beasts that have adapted to the extreme environments of Augea. Such a kill can feed a tribe for weeks – but even more prized are those monsters who are taken alive and domesticated. They are vital for hauling cargo over steep terrain, and on the most spectacular occasions, they can even be turned loose in battle, with truly terrifying results.

Army Model Rules

Mountain Hide

Attacks with **Multiple Wounds (X)** against the model halve their 'X' value (rounding fractions up).

Touch of Frost

An enemy unit suffers -1 Agi (to a minimum of 1) for each unit containing **Touch of Frost** it is in contact with.

Weapons

Brace of Ogre Pistols – Shooting Weapon

Name	Aim	Range	Shots	Str	AP	Attack Attributes
Brace of Ogre Pistols	X+	24"	2	4	2	Counts as Paired Weapons in Combat, Quick to Fire, Stand and Shoot

Hunting Spear – Shooting Weapon

Name	Aim	Range	Shots	Str	AP	Attack Attributes
Hunting Spear	X+	12"	1	User +1	User +1	March and Shoot, Multiple Wounds (D3, towards Height 5), Quick to Fire

Iron Fist – Melee Weapon

+1 Arm against Melee Attacks, +1 Att, and **Parry**.

Ogre Crossbow – Shooting Weapon

Name	Aim	Range	Shots	Str	AP	Attack Attributes
Ogre Crossbow	X+	30"	1	3	1	Area Attack (1×5), Direct Hit (Str 6, AP 2)

Big Names

A khan's authority is as great as his or her reputation. By achieving great deeds – and frequently boasting about them during feasts – ogre heroes and leaders can ensure they are known for their particular skills.

Each Character can take a single Big Name. Big Names follow the general rules of Magic Items.

Godspeaker 50 pts <i>Legendary. Cannot be taken by the General.</i> Attached and Fearless. The bearer's unit gains Unstable (the model may join units without Unstable during Deployment despite having Unstable).	Headhunter 30 pts <i>Legendary.</i> At the end of any Round of Combat in which the model part has caused a HP loss on enemy models and did not break from combat, roll a D6: on 3+, the model Recovers 1 HP.
Gut Roarer 40 pts <i>Legendary. Shamans only.</i> Channel (1) and Horror.	Hoardmaster 25 pts <i>Legendary. Great Khan or Khan only.</i> +1 Arm, Weapon Master , and may not take any Weapon Enchantment. In addition, the bearer gains the following weapons: Great Weapon, Halberd, Iron Fist, and Paired Weapons.
Trolleater 40 pts <i>Legendary. Models without Mount only.</i> Multiple Wounds (2, towards Height 3) and Regeneration (5+).	Rottenjaw 20 pts <i>Legendary. Models without Mount only.</i> Immune (Poison Attacks) and Poison Attacks. Friendly Kin-Eater units may reroll failed Ambush rolls while the bearer is on the Battlefield.
Spinesplitter 35 pts <i>Legendary.</i> The bearer gains Devastating Charge (+1 Att, +1 Str, +1 AP) .	Scraplord 20 pts <i>Legendary. Cannot be taken by Mammoth Hunter.</i> Commanding Presence (12", Scrapling). Units with <i>Scrapling</i> property lose Unruly as long as the bearer is on the Battlefield. As long as the bearer is joined to a unit of Scraplings, its model counts as being of the same Height as its unit for the purpose of allocating Ranged Attacks and Special Attacks.
Firebrand 30 pts <i>Legendary. Shamans only.</i> Breath Attack (Str 4, AP 0, Flaming Attacks), Flaming Attacks, and Resistance (Flaming Attacks), and automatically fails all Regeneration Saves. The model can cast <i>Dragon's Roar</i> (Pyromancy) as a Bound Spell (5+).	

Magic Items

Weapon Enchantments

Khagadai's Legacy 75 pts
Enchantment: Great Weapon.
Multiple Wounds (D3).

Viper's Curse 40 pts
Enchantment: Brace of Ogre Pistols or Ogre Crossbow.
Poison Attacks (Melee & Shooting).
Shots 4, Str 4, AP 2, and **always** hits on 4+.
It cannot benefit from **Area Attack** or **Direct Hit**.

Heart-Ripper 30 pts
Enchantment: Iron Fist or Paired Weapons.
+1 AP, **Lethal Strike**, and **always** hits on at least 3+.

Ritual Bloodletter 30 pts
Shamans only.
Enchantment: Iron Fist or Paired Weapons.
+1 Att.
While the wielder's unit is Engaged in Combat, it can cast *Hand of Glory* (Occultism) as a Bound Spell (4+).

Armour Enchantments

Wrestler's Belt 50 pts
Models without Mount only.
+1 Arm, +1 Str, and **Devastating Charge (+1 Arm)**.

Aurochs Resilience 35 pts
Height 1-4 only.
+1 Res, and **Mountain Hide**.
The model automatically fails all Armour Saves and Aegies Saves.

Mammoth-Hide Cloak 35 pts
Models without Mount only.
+1 Arm. Attacks against the wearer can **never** have more than Str 5.

Banner Enchantments

Banner of the Gyengget 55 pts
Cannot be taken by units that count towards "Core".
The bearer's unit gains **First Strike (re-roll to-hit and to-wound rolls of '1')**.

Pennant of the Great Grass Sky 45 pts
The bearer's unit's Charge Range rolls gain **Maximised**, and its Flee Distance rolls gain **Minimised**.

Skull of Qenghet 25 pts
The bearer's unit gains **Terror**.

Artefacts

Lygur's Tongue 40 pts
Afflict (-2 Off).

Rampager's Chain 25 pts
The bearer gains **Stomp Attack (D3+1 hits)**, and all models in its unit must reroll failed to-wound rolls with **Stomp Attack**.

Yeti Furs 20 pts
Strider and Touch of Frost.

Shared Magic Items

Weapon Enchantments

Eldritch Inscriptions	35 pts
Enchantment: Melee Weapon. First Strike (Hatred, Zeal).	
Shield Breaker	30 pts
Enchantment: Melee Weapon. +6 AP.	
Hero's Heart	25 pts
Enchantment: Hand Weapon or Paired Weapons. +1 Att, and always at least Str 5 and AP 2.	

Armour Enchantments

Death Cheater	80 pts
Height 1–4 only. +1 Arm, and Regeneration (4+).	

Banner Enchantments

Banner of Speed	45 pts
Uncommon. A unit containing a <i>Banner of Speed</i> gains +1" Charge Speed and +1" Mobility.	
Banner of Courage	20 pts
Uncommon. The bearer's unit may reroll failed Panic Tests. If the Battle Standard Bearer or the General is part of the bearer's unit, it automatically passes Panic Tests instead.	

Artefacts

Rod of Battle	30 pts
The bearer can cast a unique Bound Spell: <i>Rod of Battle</i> : Casting Value (4+) Type: Range 18", Augment. Duration: One Turn. Effect: The target's Standard Melee Attacks gain +1 to hit and Magical Attacks.	

Potions and Scrolls

Scroll of Power	30 pts
Wizards only. One use only. Duration: Instant. Can be used immediately after a seeing the result of a Casting Roll 'Roll Dice' (5.A Casting Spells, 3) of a Learned Spell by the bearer. The bearer may add one additional free Magic Dice to this Casting Roll. The limit of five Magic Dice still applies. <i>Note: The usage of a Power Scroll can change a Casting Roll to a Miscast.</i>	
Potion of Healing	20 pts
Height 1–4 only. One use only. Duration: Instant. The bearer's model Recovers 1 HP.	
Scroll of Draining	15 pts
One use only. Duration: Instant. May be activated in the opponent's Magic Phase, immediately after Excess Magic: the opponent immediately discards 1 Magic Dice.	

Hereditary Spell

Umi is the most important god of the ogres; it is the earth, it is their spirit. Many ogre shamans feel a deep connection with its spiritual essence, and learn to draw on it as a way to toughen the great flesh of their tribes.

Hereditary Spell

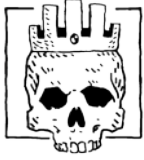

Children of Umi

<i>CV</i>	<i>Type</i>	<i>Duration</i>
6+	Augment Range 18"	One Turn

Effect

All Melee Attacks allocated against the target suffer -1 to wound.

Army Organisation

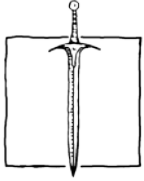

Characters

Max. 40 %

Units marked

'Characters' count toward this category.

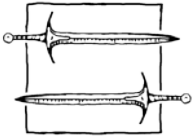

Core

Min. 25 %

Units marked

'Core' count toward this category.

Special

No limit

Units marked

'Special' count toward this category.

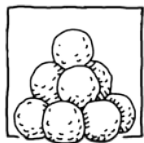

Hired Guns

10 per 500 Army Points (rounding fractions up)

Model parts armed with the following weapons contribute to this limit:

- Bow, Throwing Weapons, at a ratio of 1:1 .
- Brace of Ogre Pistols, Hand Cannon, Hunting Spear, Ogre Crossbow, at a ratio of 1:5 (*one model part with the weapon or rule counts five times towards the limit*).

For example, at 4000 Army Points the Army List is restricted to 80 model parts with the weapons listed above. If a single model part would be counted to more than one ratio, only use the highest.

Powder Keg

1 per 1500 Army Points (rounding fractions up)

Model parts armed with the following weapons contribute to this limit:

- Scratapult, Thunder Cannon, at a ratio of 1:1 .

For example, at 4000 Army Points the Army List is restricted to 3 model parts with the weapons listed above. If a single model part would be counted to more than one ratio, only use the highest.

Chained Beasts

Max. 30 %

Units marked

'Chained Beasts' count toward this category.

Characters (Max. 40 %)

Ogre steppe nomads have a highly developed respect for history and lineage. Largely inspired by the unbeatable armies of the ancient Qenghet Khan, certain tribal leaders seek to reclaim his position as Khagan: a khan of khans, lord of the steppe and the Gyengget. Those who harbour such ambition tend to be truly impressive in body, spirit and symbolic adornments.

It takes both strength and personal popularity to command an ogre tribe. The Khan is expected to lead their forces into battle as well as secure the tribe's economic prosperity at all times. They must also continuously gauge the fealty, power and intentions of other khans in a never-ending political dance.

Intentionally savage in appearance, shamans are a vital source of arbitration and spiritual guidance, but their ill-will is also feared. Exorcisms, talking with spirits, and reading auguries are common Umist customs, and some revere the fire god Galzhan. Trained by their predecessors, shamans learn powerful spells for both religious rites and for battle.

Options				pts-	Leadership Options	
A single Big Name				no limit	One choice only:	
Magic Items				up to 100	General, Disciplined, and Wildheart	
Mammoth Hunter must choose (one choice only):					Battle Standard Bearer	
Hunting Spear (2+)				free	(Wildheart in Armylist only)	
Ogre Crossbow (2+)				free		
One choice only:					Mount Options (must choose one)	
Iron Fist*				10	Light Troops	
Lance				10	Tusker	
Great Weapon				15	Rock Aurochs [CB]	
Paired Weapons				15		
One choice only *:						
Leader of the Pack				10		
Scout and Vanguard				20		

Model Rules

Animal Master: The model gains **Commanding Presence (12", Sabretooth Tigers)**.

Optional Model Rules

Leader of the Pack: The Mammoth Hunter's base size is changed to 50×50 mm.

The model replaces **Exclusive (Yetis)** with **Exclusive (Sabretooth Tigers)**.

While joined to a unit of Sabretooth Tigers, the unit gains **Vanguard**, loses **Unruly**, and the Mammoth Hunter counts as being of the same Height as the unit for the purposes of allocating Ranged Attacks and Special Attacks.

Wildheart: The minimum amount of Army Points that must be spent on 'Core' units is reduced to Min. 20 %, and Mammoth Hunters become Common.

The Army List may not include any of the following units: Great Khans, Khans, Bruisers, Bombardiers, Mercenary Veterans, Mercenary Gunners with Brace of Ogre Pistols, or Thunder Cannons.

*(without *Mount* only)

Character Mounts

Somewhere between a pig and a rhino, these large Augean herd animals are called by a term literally translated as “tusk”. Their tusks are not only impressive weapons, but their use in both mating rituals and battle against the ogres’ enemies has made them something of a favoured talisman in ogre rituals and other activities.

Tusker

Rarity: Rare Base 50×100 mm
Height 4

Global	Cha	Mob	Dis	Model Rules

Offensive	Att	Off	Str	AP	Agi	Attack Attributes, Weapons and Properties
Tusker	4	3	5	2	2	Impact Hits (D3 hits), Stomp Attack (1 hit), <i>Beast, Mount</i>

The Augean aurochs, sometimes called the cattle of the gods, can grow to titanic sizes on the steppe, surviving in a hostile environment thanks to a near-impenetrable hide some believe to be solid rock. Sacred to Umi, the cows are used for pulling, while the bulls’ temperament and horns make them an unstoppable force of nature in battle.

Rock Aurochs

Rarity: Extraordinary Base 100×150 mm
Height 5

The mount and its rider count towards ‘Characters’.
The mount also counts towards ‘Chained Beasts’.

Global	Cha / Mob		Dis	Model Rules		
	7"		C	Fearless, Frenzy, Solitary, Swiftstride, Terror, Unruly

These creatures, mutated by the Wasteland, or descended from ogres who fled the Inferno, wander the mountains fending for themselves, minds and bodies twisted by over-exposure to magic. Some are even known to violate core taboos, earning the name kin-eater. Still, mountain ogres will overlook their actions and deformations if they're willing to join in battle.

no limit

Ogres routinely offer their highly-sought services as escorts to merchants along the Silk Roads and beyond. In Arcalea and elsewhere, many even gather in formal mercenary companies, gaining experience of foreign weapons and tactics. Returning to their tribe, their new skills and equipment make them the most fearsome troops in many ogre armies.

Mercenary Veterans

190 pts + 65 pts/extra model

3–8 models

Rarity: Uncommon*

Base 40×40 mm

Height 3

*The unit share the same Rarity as Mercenary Gunners.

Ogre mercenaries with a proven talent for ranged weapons can often command better rates; their mighty physiques allow them to wield weapons far larger than normal humanoid soldiers, allowing their "light" troops to provide heavy barrages and crushing close quarters capability.

Mercenary Gunners

190 pts + 75 pts/extra model

What might be used as a cannon by some can be fired by hand by a trained ogre, functioning as frighteningly powerful muskets. These weapons are often dedicated to Yakha, god of the mountains, with barrages intended to bury the enemy under an avalanche.

Powder Keg

The Qeng Dynasty was founded by Qenghet's best remembered and most successful grandson Tengai Khan, the first ogre emperor of Tsuandan. Under his reign, Tsuandanese cannons were first adapted to ogre warcraft; since then, monstrous guns from many lands have been used, often carried by huge domesticated beasts such as woolly rhino.

Thunder Cannon	4+	48"	1	5	2	Area Attack (1×3), Artillery, Direct Hit (Str 10, AP 4, Multiple Wounds (D3+1))

War machines that don't require black powder are considered safe for operation by underlings. This does not make them less dangerous. Many scraplings show a reckless disregard for their own and anyone else's safety, loading their artillery with every sharp piece of stone or metal they can find.

Scratapult

Scratapult	4+	48"	1	4	1	Area Attack (3×3), Artillery, Lethal Strike

Chained Beasts (Max. 30 %)

The Augean aurochs, sometimes called the cattle of the gods, can grow to titanic sizes on the steppe, surviving in a hostile environment thanks to a near-impenetrable hide some believe to be solid rock. Sacred to Umi, the cows are used for pulling, while the bulls' temperament and horns make them an unstoppable force of nature in battle.

Rock Aurochs

420 pts

Single model

Rarity: Rare

Base 100×150 mm
Height 5

Extraordinary if the army includes any Rock Aurochs Character Mounts.

Lance

5

Only found on the most remote northern tundra, the dreaded frost mammoth is said to be the living host of the soul of Dengrai's icy storms. Able to magically manipulate the temperature in their vicinity, adult mammoths are exceedingly hard to capture and impossible to train, forcing hunters to target juveniles and raise them with the tribe.

Frost Mammoth

400 pts

Single model

Rarity: Uncommon

Base 100×150 mm
Height 5

Global	Cha / Mob		Dis	Model Rules		
	6"		8	Dengrai's Ice Storm, Freezing Aura, Solitary, Swiftstride, Terror

Frost Mammoth	4	3	6	3	2	Impact Hits (D3 hits), Stomp Attack (D6 hits), <i>Beast, Mount</i>

Model Rules

Dengrai's Ice Storm: The model can cast *Veil of Mist* (Druidism) as a Bound Spell (4+).

Freezing Aura: Enemy units within 12" of one or more Frost Mammoths suffer -3 Agi (to a minimum of 1).

Options

pts-

Tamer **must** choose (one choice only):

Hunting Spear (3+)

free

Ogre Crossbow (3+)

20

Giants are well suited to cold or mountainous environments and have proven a useful addition to many tribes. Most giants try to imitate their host culture, and those who live with ogres often seek to assist in commercial ventures, learning the tribe's love of wealth. Certain legendary giants have proven among the greatest mercenary bodyguards of all time.

Mercenary Giant

260 pts

Single model

Rarity: Uncommon

Base 50×75 mm

Height 5

Global	Cha / Mob		Dis	Model Rules
